

The Ichinoseki/Hiraizumi Garbage Sorting App

Confirm garbage sorting methods with this app!

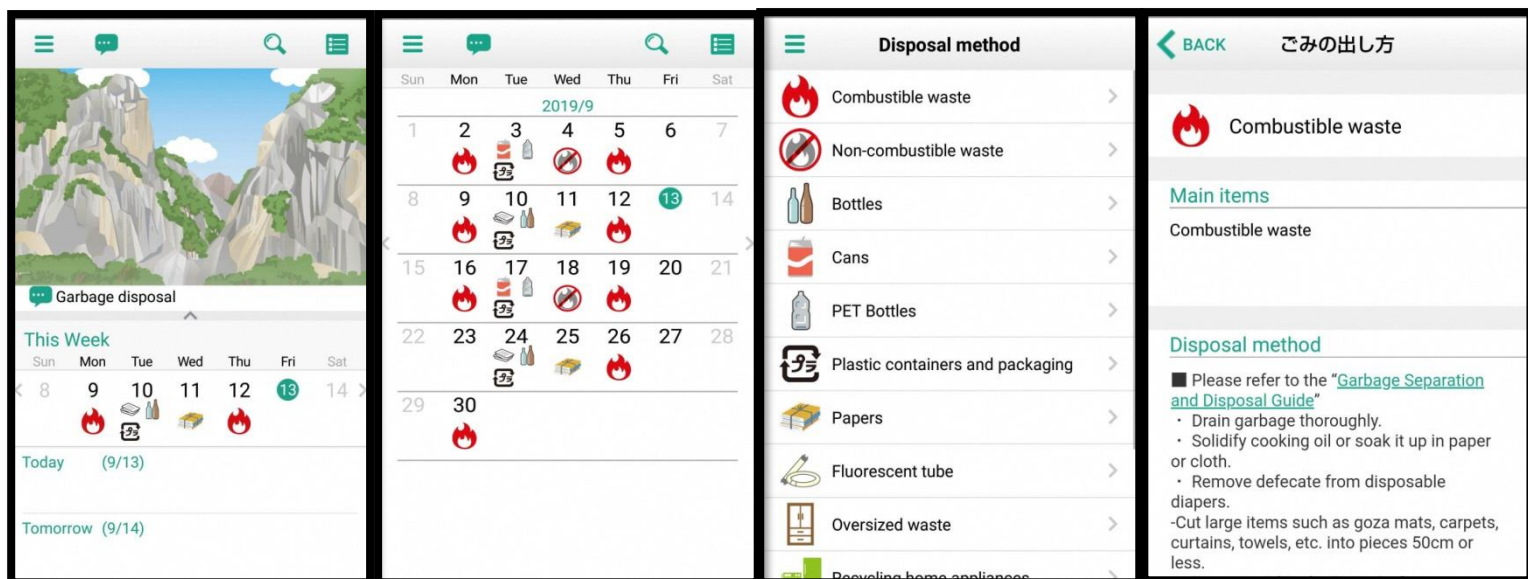

◆ What is this app about?

The city released the Ichinoseki/Hiraizumi Garbage Sorting App for smartphone and tablet on September 24th.

Figure out when to dispose of certain types of waste by confirming with the garbage disposal calendar and check the encyclopedia to see how individual items can be disposed of.

◆ Main functions

- 1) **The garbage sorting calendar:** Displayed by region. Set which district you live in when you first open the application.
- 2) **Encyclopedia:** Look through the list of articles or search by keyword to check the disposal method of individual items.
- 3) **Disposal method:** Confirm disposal methods of types of garbage such as combustible, non-combustible, recyclables etc.
- 4) **FAQ:** Check out the FAQ for more on garbage disposal methods.
- 5) **Related businesses:** List of general waste collection and transportation companies
- 6) **Small home appliance collection**
- 7) **Inquires**

◆ To download

This is a free app and can be downloaded onto smartphones and tablets.
